EXPERIENCE

Motion Designer

Landor • Internship

June 2025 - July 2025

As a Motion Design Intern in a lean team, I managed both the **2D and 3D pipelines** for lifestyle, sportswear, **FMCG, educational, and consultancy brands**, transforming static assets into dynamic animated communications. I turned conceptual sketches into realistic environments, developed motion guidelines, & analyzed brand perception to create distinctive motion behaviors. **Additionally, I found innovative ways to use AI for technical solutions** and assisted with high-stakes client pitches while keeping the focus on clear storytelling, for some brands like **One8, Amazon Now, Google, Infosys, Odonil etc.**

Motion Designer

Lunacal.ai • Internship

June 2025 - July 2025

As a Motion Graphics Intern at Lunacal, I am responsible for conceptualizing and creating animated visuals that effectively communicate the features and user experience of the company's scheduling and booking platform. My work involves translating complex ideas into clear, engaging motion design content for product launches and marketing.

Brand Designer

Life Transformation Centre • Part Time

June 2025 - July 2025

I played a pivotal role navigating my research through the current brands and analyzing current markets to draw briefs which further led to development and expansion of what is the current visual language for LTC. I also ideated and structured a design language direction which further becomes the VL for LTC

CG Artist

Freelance

Project Based

I specialize in creating high-quality computer-generated imagery for a diverse range of clients. I am skilled in all aspects of 3D production.
